

PRE-TEEN CAMP 2020

Despite our best efforts and precautions, we were informed today (6/29/20) of a camper who tested positive for Covid-19. Each church should have received an email with information from Laclede County Health Department. Due to this positive test, the Camp Board has decided to cancel this year's Pre-Teen Camp session. This decision was not made lightly or easily. We appreciate your continued prayers and support for the Camp's ministry.
